Objective of EO Catalyst: To afford small business owners who meet all EO membership criteria but operate companies between \$250,000 and \$1M in revenue an opportunity to participate in a program with 3 distinct segments:

1. Classroom:

The program will begin with 12 biweekly classes taught by Michael Burcham, President and CEO of the Entrepreneur Center. Each class will take place at the center, and they will conclude with small group discussions on applying the topics directly to your own business.

2. Forum:

The Catalyst participants will experience a form of the EO forum for a period of one year after the conclusion of the classroom segment. These meetings will center around experience sharing in a highly confidential environment, and will likely provide huge value for you and your business.

3. Mentoring:

We will provide an EO Member as a mentor to meet quarterly with each Catalyst member. There will be specific guidelines and expectations for these quarterly meetings, and the mentors will be assigned soon after the program begins.

In Addition....

Catalyst members will be invited to many official EO learning and social events throughout the 18 months of Catalyst participation.
