Fort Worth, Texas

Apparition by Jason Marshall

A videopoem meditation on the beauty of the Natural world and its power to draw us in with mesmerizing change of shape and form. The Pacific Ocean and California shoreline/surf zone is the thematic focus with the poetic voice searching for a symbolic "magic rock." A reminder to value our Home Planet, especially in the Age of the Anthropocene/Global Warming, when so much of the Natural World is under assault from human activities and impacts.
